

WEIGH-TRONIX®

PC-220 Counting Scale

- Low cost
- Multi-featured
- Patented high resolution vibrating beam technology
- AC/DC operation standard

PC-220 Part-Counting Scale

Features and benefits

Versatile sampling routines

Enter the count mode by pre-determined sample sizes, keypad entry, or piece weight entry. Reverse sampling determines counts without emptying your container.

Limit alarm

Audible alarm lets you know when a pre-determined count has been reached.

Keypad

Membrane keypad with audible and tactile feedback.

Part look-up

Store piece weights and tare weights for up to 32 parts for quick recall. In addition, 7 "Hotshot" keys allow you to quickly recall piece weights and tare weights of your most commonly counted parts.

Accumulator

Single accumulator lets you track total count and number of transactions.

Battery Operation

6 x 1.5 V "D" size batteries (not included) provide up to 800 hrs. of continuous use. Sleep mode will increase battery life.

Dimensions

Specifications

Capacity	Displayed Weight Resolution
15 lb	0.0005 lb
30 lb	0.001 lb
60 lb	0.002 lb
OR	
6 kg	0.2 gram
15 kg	0.1 gram
30 kg	1 gram

Note: The PC-220 comes in Lbs. or Kg version with the appropriate overlay. There is no front panel unit switching

Internal Resolution

1:1.5 million counts

Displayed Count

9,999,999

Housing

Light gray ABS with stainless steel shroud

Base

Black high-impact polystyrene

Display

7 segment, 7 digit LCD display with back light

Power

110/240 V, 50/60 Hz - Universal in-line transformer with appropriate power cord. UL, CUL

Certifications

Tested to comply with FCC standards
